Protect Your Health Around the World

What is GeoBlue Trekker®?

GeoBlue Trekker provides the traveler with international health insurance for multiple trips throughout the year. It is also a complete package of services to help you identify, access and pay for quality healthcare anywhere in the world.

GeoBlue Trekker fills health and safety gaps internationally:

Insurance — Even if you are already enrolled in a health plan, your coverage is limited when you travel abroad. In fact, your plan may not pay to have you safely evacuated if you are critically ill.

Information — Where do you turn to learn which hospitals and physicians meet your standards? Keep up with breaking news about health and safety threats? Translate key medical terms and brand-name drugs?

Access to quality care — How do you find a western-trained, English-speaking doctor with the appropriate skills? How do you arrange a convenient appointment?

Each GeoBlue Trekker plan includes broad, deep and reliable Global Health and Safety Services easily accessed through the web or our toll-free customer service center as well as 24/7 telemedicine access to virtual consultations with multilingual doctors worldwide.

Why Choose GeoBlue Trekker?

Better Coverage

Our plan covers every trip taken, up to 70 days in length. In addition, we do not impose pre-certification penalties for hospitalization. Lastly, we provide coverage for pre-existing medical conditions and injuries and illnesses resulting from terrorism and pandemics, including Coronavirus disease (COVID-19) and Severe Acute Respiratory Syndrome coronavirus 2 (SARS-CoV-2).

A Better Kind of Care

Global travelers can leave home feeling confident that a trusted source of care is available at a moment's notice - no matter what town, country or time zone. Travel anywhere knowing that if your health is a concern, getting good care is not.

Benefits under this insurance are available in any country outside of the United States. Whenever coverage provided under this Plan would in violation of any U.S. economic or trade sanctions, such coverage shall be null and void.

This Plan description provides a brief description of the types of benefits available under this Plan. It also contains many important terms (such as “Medically Necessary” and “Covered Expense”) that are defined in the Certificate of Coverage. This description should be used only as a quick reference tool. The entire Certificate of Coverage sets forth, in detail, the rights and obligations of both the Insured Person and the Insurer. It is, therefore, important that the entire Certificate of Coverage be read carefully!

The “Insurer” of the certificate of coverage that funds this Plan is 4 Ever Life International Limited, rated A- (Excellent) by A.M. Best. 4 Ever Life International Limited is an independent licensee of the Blue Cross Blue Shield Association.

The “Administrator” is GeoBlue, 933 First Avenue, King of Prussia, PA 19406.

The term “Insured Person,” means the Eligible Participant who purchased this insurance plus his/her Dependents for whom coverage was purchased.

Persons Eligible for Coverage: Eligible Participants and their Eligible Dependents are the only people qualified to be covered by this Plan. An Eligible Participant is a member of a Group who has submitted an enrollment form, if applicable, and has paid the premium for the insurance. An Eligible Participant must also be: (a) a resident of the U.S., (b) under Age 95 and (c) enrolled in a Primary Plan. For more information on eligibility requirements for participants and dependents, please visit www.geobluetravelinsurance.com/products/multi-trip/trekker-4-eligibility.cfm

A Primary Plan is a Group Health Benefit Plan, an individual health benefit plan or a governmental health plan designed to be the first payer of claims (such as Medicare) for an Insured Person prior to the responsibility of this Plan. Such plans must have coverage limits in excess of \$50,000 per incident or per year to be considered a Primary Plan. **PLEASE NOTE:** Medicaid and V.A. health plans do not constitute primary health insurance because they are not defined as the first payer of medical claims. The primary plan does not need to be a Blue Cross and/or Blue Shield medical plan in order to be eligible.

Trip Coverage Start Date: The Covered Person’s coverage under this Certificate for a trip starts on the latest of the following: the Policy Effective Date; the date We receive the completed enrollment form, if any; the date the required premium is paid; the date of the scheduled Trip departure date; or the date of his or her departure from the United States.

Trip Coverage End Date: The Insured Person’s coverage under this Plan for a trip ends for a scheduled trip to a Foreign Country, when the Insured Person alights from a conveyance at the completion of the trip; and in no event will coverage for a trip extend past the Maximum Trip Coverage Period of 70 days.

Excess Coverage: This Plan will reduce the amount payable by the amount to which the Insured Person is entitled, whether or not a claim is made for the benefits.

Plan Summary (continued)

Benefits: An Insured Person is eligible for benefits only during the Trip Coverage Period. The benefits purchased will be paid by this Plan for Covered Expenses after the Insured Person has satisfied any Deductible and prior to satisfaction of his/her Out-of-Pocket Maximum. Covered Expenses are based on Reasonable Charges which may be less than actual billed charges. Providers can bill the Insured Person for amounts exceeding Covered Expenses. The combined total of all medical benefits paid to the Insured Person is limited to the maximum amount purchased.

Hospitals, Physicians and Other Providers: The amount that will be treated as a Covered Expense for services provided by a Provider will not exceed the lesser of actual billed charges or a Reasonable Charge. Exception: If Medicare is the primary payer, there are special rules that apply to the payment of benefits.

See the Certificate of Coverage for these rules. The Insured Person will always be responsible for any expense incurred that is not covered under this Plan.

Deductible: The Deductible amount per Insured Person per Period of Insurance is shown in the Matrix. This Deductible is the amount of Covered Expenses the Insured Person must pay for any Covered Expenses incurred for services received. The Deductible is waived for medical services provided by the GeoBlue International Healthcare Community of Providers.

GeoBlue International Healthcare Community consists of physicians, dentists, mental health professionals, other allied health professionals, hospitals, health systems and medical practices in countries throughout the world, all dedicated to providing high quality medical care to international travelers, employees and students. The providers are accessed through the GeoBlue online database or through GeoBlue customer service.

The benefits of this Plan will be provided for each Insured Person for a covered Illness or Injury and for those services that are Medically Necessary and for which the Insured Person has benefits. (The fact that a Physician prescribes or orders a service does not, by itself, mean that the service is Medically Necessary or that the service is a Covered Service.) The Insured Person may telephone the Administrator at the number shown on his/her identification card if he/she has any questions about whether services are covered.

Choice of Hospital and Physician: Nothing contained in this Plan restricts or interferes with the Eligible Participant’s right to select the Hospital or Physician of the Insured Person’s choice. Also, nothing in this Plan restricts the Insured Person’s right to receive, at his/her expense, any treatment not covered by this Plan.

Trip Coverage Period Maximum Benefit: The combined total of all medical benefits paid to the Insured Person is limited to the amount shown in the Matrix during each Period of Insurance and Trip Coverage Period.
