Temporary health insurance for non-U.S.
residents traveling to the USA

WHY VISITORS PREFERRED?

Traveling away from home can be exciting and rewarding, but it can quickly become a scary situation if you're not prepared for a medical emergency. Many travelers assume they're already covered by national health insurance plans when exploring other countries, but that isn't always the case. While domestic plans provide sufficient coverage at home, most are not designed to provide coverage and assistance required for international travel.

The Visitors Preferred plan is designed for individuals and families traveling outside their home country. This temporary medical insurance includes the medical coverage you expect for emergencies like hospitalizations and surgery, as well as coverage

for minor issues that may only require a telehealth appointment or a visit to a walk-in clinic. You can customize your plan with a variety of maximum limits and deductibles, giving you the power to decide which options are best for your trip.

Additionally, this plan offers various other benefits and services to meet your global needs. You'll have 24/7 access to highly qualified coordinators of emergency medical services and international treatment, who have experience working in many different time zones, languages, and currencies.
